

Employee Benefit Program

Bob Ross Auto Group

Bob Ross Buick | GMC | Alfa Romeo | Fiat | Mercedes-Benz of Centerville

Eligibility

Any Premier Health employee vehicle and any vehicle in the employee's immediate family is eligible for program discounts.

Program Benefits

New Vehicle Purchase Program*

We use a fixed pricing program established by the manufacturer referred to as "The Supplier Program". The pricing under this program varies depending on the model and options of the vehicle. An authorization number will be acquired from the manufacturer for the Premier Health employee. The Supplier Price is the selling price of the vehicle; all current rebates would then be applied.

**Excludes Alfa Romeo. Special pricing is available on select Alfa Romeo models. See Alfa Romeo Sales Manager for details.*

Pre-Owned Vehicle Purchase Program

With this program, an additional \$500 will be taken off the selling price after the pricing of the pre-owned vehicle has been negotiated.

Service Maintenance Program**

Premier Health employees will receive 13% off the retail pricing for parts and/or labor performed at Bob Ross dealerships. A 13% discount would also apply to towing charges from Sandy's Towing.

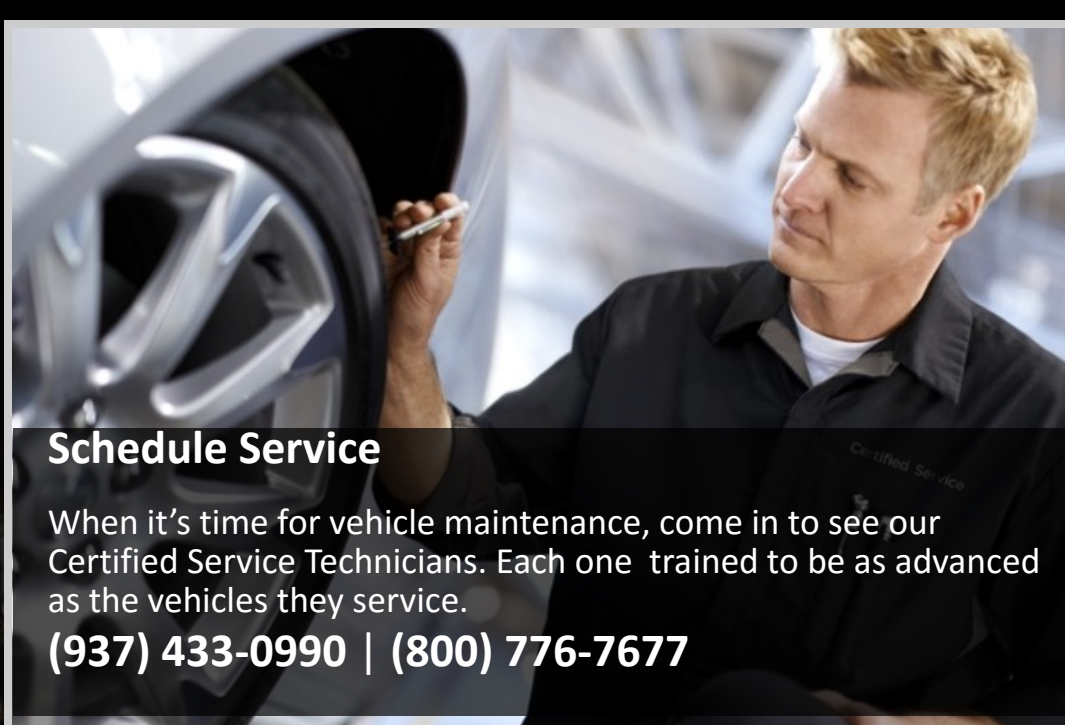

***This discount is not applicable with any other discounts or coupons offered for service maintenance. Discounts do not apply to tires, tire rotations or alignments. Discounts do not apply to service contracts or insurance companies. It also excludes re-manufactured engines and transmissions.*

Fleet Program - Mercedes-Benz***

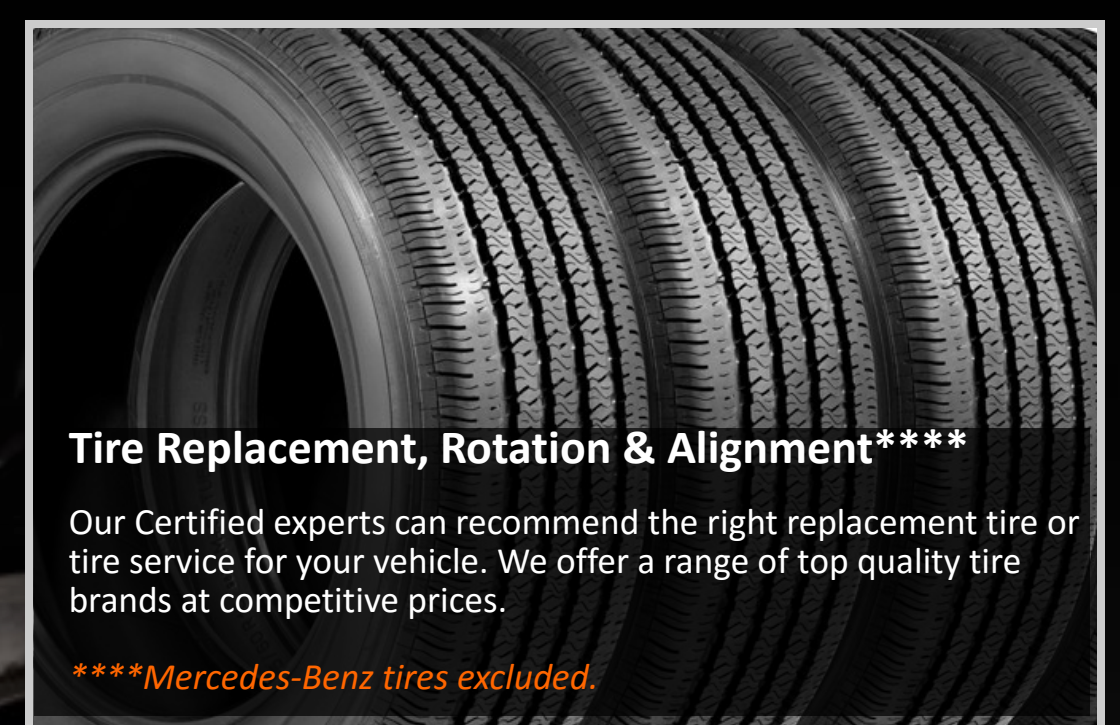

With the Mercedes-Benz Fleet Program, Premier Health employees will receive 1% over dealer invoice minus any applicable incentives.

****Excludes all 2015-2016 AMG models, S-Coupes, GL models and G models.*

Schedule Service

When it's time for vehicle maintenance, come in to see our Certified Service Technicians. Each one trained to be as advanced as the vehicles they service.
